

## HEALTH AND SAFETY POLICY

This Policy, which applies to the whole school including the Early Years Foundation Stage (EYFS), is publicly available on the School website and upon request a copy, (which can be made available in large print or other accessible format if required), may be obtained from the School Office.

### Legal Status:

- Complies with the Education (Independent School Standards) (England) (Amendment) Regulations currently in force
- Prepared with regard to Health and Safety at Work etc Act 1974 and associated amendments and regulations including any relevant supporting documents including: The Management of Health and Safety at Work Regulations 1999, and The Regulatory Reform (Fire Safety) Order 2005, including any further amendments and supporting documents.
- Prepared with regard to the Equality Act 2010, Race Relations Act 1976, Race Relations Amendment Act 2000, Sex Discrimination Act 1986, Children's Act 1989 and Special Educational Needs and Disability Act 2001.
- Health and Safety: Department of Education (DfE) *Advice on legal duties and powers for local authorities, Headmasters, staff and governing bodies* (DfE February 2014)
- Health and Safety Executive (HSE) *School trips and outdoor learning activities - tackling the health and safety myths* (HSE July 2011).
- The School has regard to Government recommended guidance and advice from the Outdoor Education Advisers' Panel (OEAP) on school trips and offsite activities.
- Accidents and ill health at work are reported in accordance with the *Reporting of Injuries, Diseases and Dangerous Occurrences* (RIDDOR) legislation (2013) [www.hse.gov.uk/riddor](http://www.hse.gov.uk/riddor) Tel: 0845 300 9923.
- Health and Safety: Advice on legal duties and powers (DfE: 2014)

### Monitoring and Review:

This policy will be subject to continuous monitoring, refinement and audit by the Headmaster.

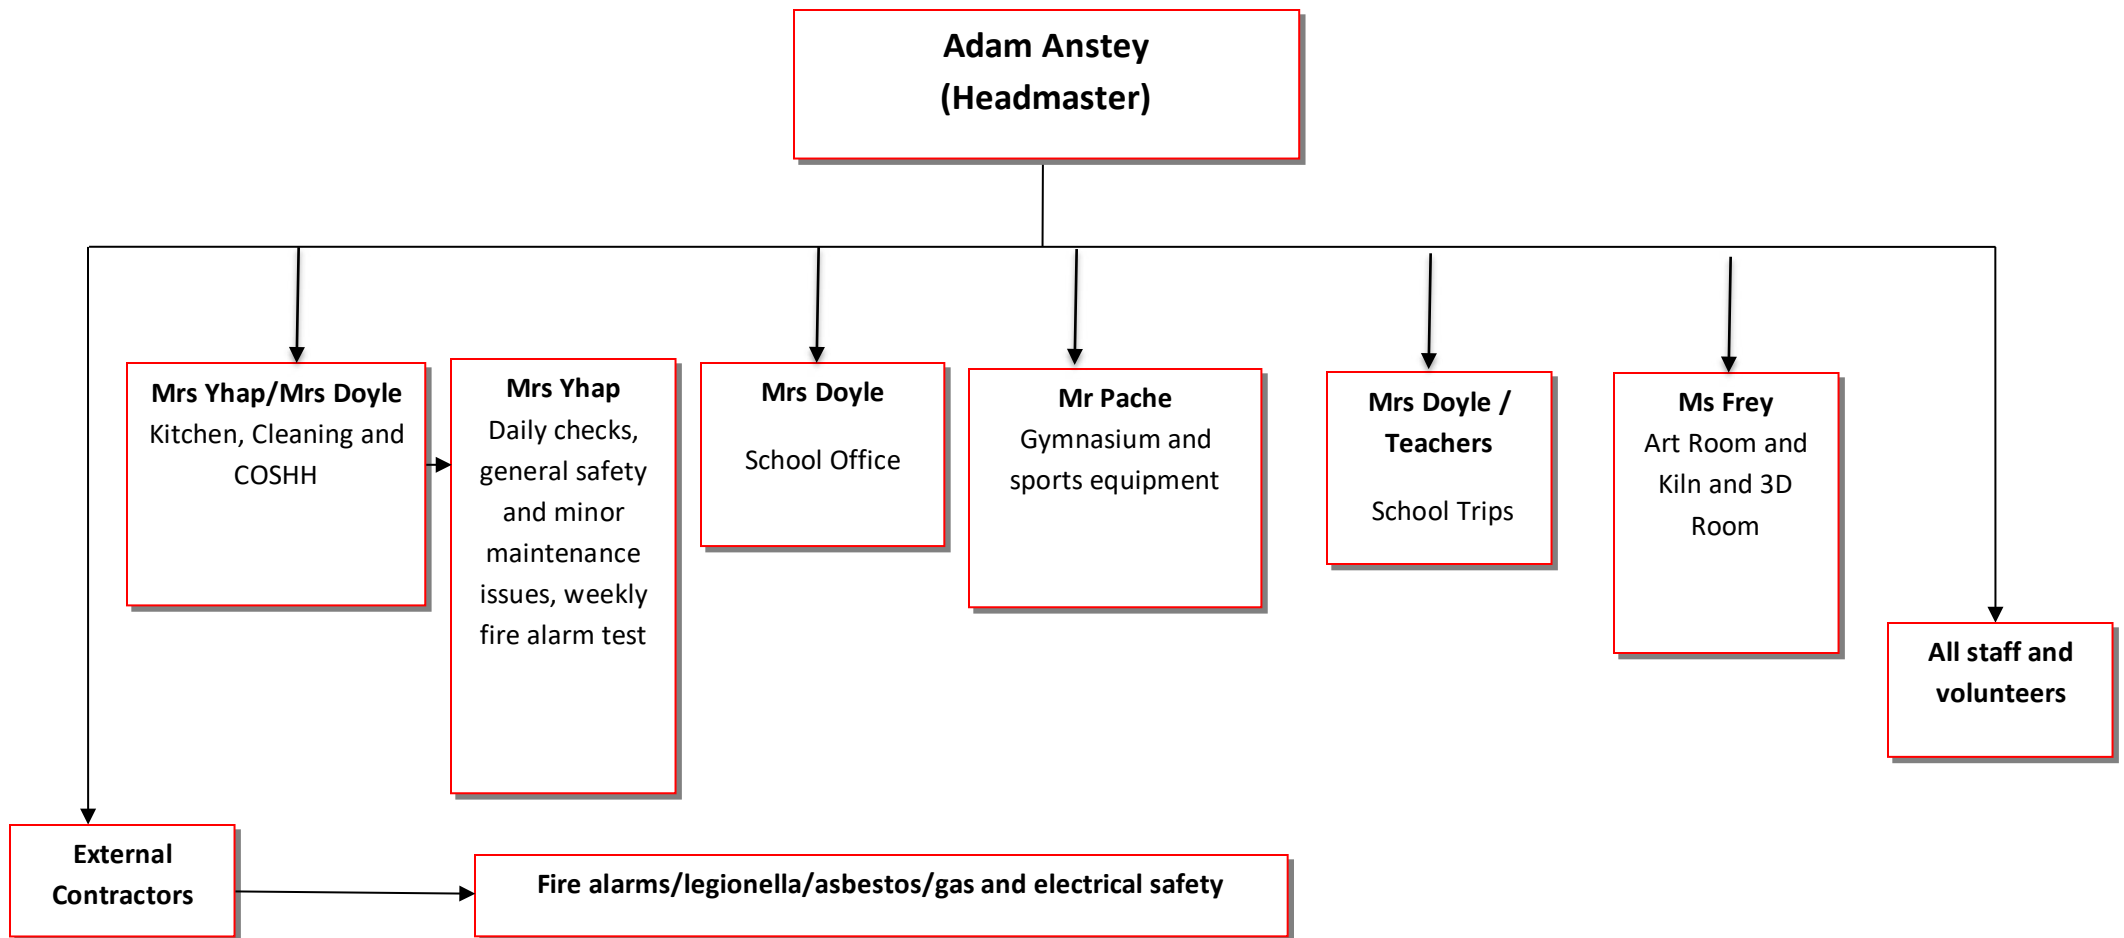

The Headmaster will undertake a formal annual review of this policy for the purpose of monitoring and of the efficiency with which the related duties have been discharged, by no later than one year from the date shown below, or earlier if significant changes to the systems and arrangements take place, or if legislation, regulatory requirements or best practice guidelines so require.

Last reviewed: January 2024

Next review: January 2025

# HEALTH AND SAFETY ORGANISATION CHART

Adam Anstey as Headmaster is responsible for Health and Safety. He is helped by the people below who focus on the safety in specific areas of the school, and who may carry out risk assessments of specific areas of health and safety under the supervision of Adam Anstey.

**Introduction:** In accordance with the Health and Safety at Work etc Act 1974 the employer is responsible for Health and Safety, although tasks may be delegated to others. The employer has a general duty to ensure, as far as is reasonable and possible, that persons who are and also persons who are not in their employment, but who may be affected by it, are not exposed to unacceptable risks to their health and safety. The Proprietor accepts that we have a responsibility to take all reasonably practicable steps to ensure the health, safety and welfare of staff and others. By extension this includes pupils, parents, volunteers and visitors including contractors and hirers. The employer is required to set out the Health and Safety arrangements in a written Health and Safety policy. This requires the Proprietor, who has overall and final responsibility for health and safety to:

- have a general statement of policy;
- state who is responsible for what (delegation of tasks);
- make arrangements to establish, monitor and review measures needed to meet satisfactory Health and Safety standards.

The employer, school staff and others also have a duty under common law to take care of pupils in the same way that a prudent parent would. The Health and Safety at Work Act of 1974 also places responsibilities on all our staff. Matters arising regarding Health and Safety should be reported, in writing, to the Headmaster. The Health and Safety Policy, along with relevant procedural documents, are provided either in hard copy or electronically to all new employees and volunteers before commencing work at Broomfield House School. They are required to state that they have read and understood such documents and confirm this by signing the *Record of New Staff Induction*.

**General Statement of Health and Safety Policy:** The aim of the Proprietor is to provide a safe and healthy working and learning environment for staff, pupils and visitors. We believe that the prevention of accidents, injury or loss is essential to the effective operation of the school and is part of the education of its pupils. There are policies and audit procedures relevant to our responsibilities, duties and arrangements for Health and Safety, with particular arrangements that apply every day and at all times. We have specific controls and procedures for ensuring that pupils do not have access to any medicines, foods or drinks to which they are allergic.

The arrangements outlined in this policy statement and the various other safety provisions made by the Proprietor cannot in itself prevent accidents or ensure safe and healthy working conditions. This can only be achieved through the adoption of safe methods of work and good practice by every individual. The Proprietor will take all reasonable steps to identify and reduce hazards to a minimum but all staff and pupils must appreciate that their own safety and that of others also depends upon their individual conduct and vigilance while on the school premises, or while taking part in school sponsored activities. It is the Proprietor's policy to encourage employees, pupils, parents, volunteers and contractors to adopt a positive safety culture in all their activities and to ensure, as far as is reasonably practicable, to minimise any adverse impact on the environment.

The Health and Safety Executive (HSE) enforces health and safety law relating to the activities of independent schools. Although the Headmaster is responsible for health and safety in the workplace and on work activities, the overall and final responsibility is that of the Proprietor and the HSE will normally take action against the Proprietor. However, in some circumstances, for example where an employee failed to take notice of the Proprietor policy or directions in respect of health and safety, the HSE may take action against the employee as well or instead. Written records of all tests and checks such as PAT tests and COSHH are kept. This Policy will be achieved by the establishment of an effective health and safety management system within the school. This will involve the implementation of arrangements for the effective planning, organisation, control, monitoring and review of preventative and protective measures. The effectiveness of the system will be regularly monitored to ensure that health and safety arrangements are being implemented and that the people named in this document are carrying out their duties.

**Workplace safety for employees, parents, volunteers, pupils and visitors:** The duties and responsibilities of the key people are identified in this policy. Detailed documentation is in place in support of this statement. Regular visitors and other users of Broomfield House School eg contractors and delivery people, are expected, as far as is reasonably possible, to observe the safety procedures of the school.

**Employer duties:** The employer is required to take all necessary and appropriate action to ensure that the requirements of all relevant legislation, codes of practice and guidelines are met in full at all times. This includes the maintenance and development of safe working practices and conditions for all staff, pupils and visitors engaged in school sponsored activities along with taking all reasonable steps to achieve this. The employer ensures that both the *Health and Safety Organisational Chart* and the *Safety Law Poster* that summarises our responsibilities are kept up to date and posted in the Staff Resources room and the Staff room. The Headmaster also has a fixed agenda item on health and safety for our SLT meetings. The Proprietor is responsible for monitoring compliance with statutory requirements. The Proprietor has a duty to:

- identify and evaluate risk control measures in order to select the most appropriate means of minimising risks to staff, pupils and others, while providing a healthy and safe environment for children to enjoy learning and to take reasonable steps to ensure that staff and pupils are not exposed to risks to their health and safety. This applies to activities on or off the school premises;
- be familiar with the requirements of the Health and Safety at Work etc. Act 1974 and any other health and safety legislation and codes of practice that are relevant to the work of the school, in particular the Management of Health and Safety and Work Regulations;
- ensure that all staff have been carefully selected to meet our requirements for the health, safety and security of the children in our care;
- be consistent with Regulation 3 (7) of the Education (Independent School Standards) (England) Regulations, including complying with the requirements of Working Together to Safeguard Children (HM Government), Safeguarding Children and Safer Recruitment in Education (SCSRE) guidance excluding Chapter 5, DfE Guidance: Dealing with allegations of abuse against teachers and other staff (2011), along with any further amendments as they are published.
- Where appropriate, ensure that staff and parents are made aware of risks identified and of the systems and procedures we put in place to deal with these risks;
- provide employees with information, supervision and training to ensure they are competent to carry out their tasks and minimise cases of injury and work related to ill health;
- provide arrangements that recognise our responsibilities to visitors, contractors and the public who may be affected by our activities;
- provide safe equipment, safe play areas, safe access and egress and maintain them in good order;
- to have a clear understanding on actions to take in the event of any emergencies;
- to train all our staff in the particular health and safety issues that affect children;
- ensure that activities undertaken by the school both on and away from school site are risk assessed and safely managed;
- monitor and review this Policy and the various systems procedures;
- adopt and maintain an effective policy, organisation and arrangements for the provision of health and safety throughout the school;
- comply with the *Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR)*.

The Proprietor is directly responsible for safety management/compliance during lettings and ensuring that premises, equipment and substances are safe and without risk to health. Employees, visitors and contractors to any of the Proprietor owned or operated sites are reminded that it is their duty to look after their own health and safety, to ensure that they do nothing to endanger anyone else, and to co-operate with the School in all matters of Health and Safety. The Headmaster undertakes, to copy this policy to all employees and contractors.

**Employee duties:** Employees also have the duty to look after their own and others (pupils, parents, volunteers and visitors including contractors) Health and Safety. Employees should also co-operate with the employer in matters of health and safety.

The Health and Safety at Work Act 1974 states:

'It shall be the duty of every employee while at work:

- (a) to take reasonable care for the health and safety of himself/herself and of any persons who may be affected by his/her acts or omissions at work, and
- (b) as regards any duty or requirement imposed on his/her Headmaster or any other person by or under any the relevant statutory provisions, to co-operate with him/her so far as is necessary to enable that duty or requirement to be performed or complied with.'

The Act also states:

'No person shall intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety and welfare in pursuance of any of the relevant statutory provisions.' All staff will make themselves familiar and ensure compliance with the requirements of the Health and Safety at Work etc. Act 1974 and any other health and safety legislation and codes of practice relevant to the work and also the particular area in which they work. They will, so far as is reasonably practicable:

- be familiar with this Health and Safety policy and all safety arrangements including those for fire, first aid and other emergencies as laid down by the Proprietor.
- ensure that health and safety regulations, rules, routines and procedures are being applied effectively and carry out/be aware of hazard identification and risk assessments as appropriate for their area of work;
- take part in health and safety training as required, inform their line manager if there is any reason they are unable to perform any task without undue risk (e.g. illness, incapacity, etc.);
- only undertake any task for which they have been trained;
- take reasonable care of their own health and safety and that of any other persons (staff, pupils, visitors, etc.);
- observe standards of dress consistent with safety and/or hygiene;
- exercise good standards of housekeeping and cleanliness as well as know and apply the emergency procedures in respect of fire and first aid;
- co-operate fully with their employer on health and safety matters, including following safe systems of work;
- ensure that all tools, machinery and equipment are adequately guarded, are in good and safe working order;
- ensure that toxic, hazardous and highly flammable substances are correctly used, stored and labelled;
- Report any defects that they observe in the premises, plant, equipment and facilities and take action to ensure no one is put at risk and use the correct equipment, tools, protective equipment and clothing for the job;
- report all accidents and near misses immediately, whether injury is sustained or not using an Accident Report form, promote and achieve high standards of health and safety suggesting improvements and ways of reducing risks and co-operate with other employees in promoting improved safety measures;
- act as a prudent parent when in charge of pupils, as they have a duty to under common law;

Employees should follow any health and safety procedures put in place by their employer. However if they feel that the procedure is inappropriate (e.g. it is too bureaucratic) they should discuss this with their employer and request that it is reviewed. The Headmaster will work with the employer to ensure that the procedures at the school are proportionate, effective and appropriate.

**Health and Safety Manager (HSM) duties:** The HSM acts as the focal point for day to day references on safety and gives advice; indicates sources of advice, obtaining, where necessary, external advice. The HSM also has responsibility for ensuring that the requirements of all relevant legislation, codes of practice and guidelines are met in full at all times and for the day to day maintenance and development of safe working practices and conditions for teaching staff, support staff, pupils/pupils, visitors and any other person using the premises or engaged in activities sponsored by the school. He/she will take reasonable, practicable steps to achieve this and assign clear safety functions to other members of staff as appropriate. This includes the following which is not an exhaustive list:

- Monitoring the Health and Safety policy, ensuring that Proprietor, employees and other persons involved with the school have knowledge of it and are carrying out their duties in accordance with it.
- Be aware of and ensure compliance with the requirements of the Health and Safety at Work etc. Act 1974 and any other health and safety legislation and codes of practice relevant to the work of the school.
- Ensure that all employees are trained and competent to undertake their work safely, are aware of their own limitations and know they must not undertake any task unless they have been trained, are competent and are confident they can carry out the task safely in the conditions that prevail.

Ensure that all tools, machinery, plant and equipment is fit for purpose, adequately installed, guarded and appropriately used.

- Ensure that all tools, machinery, plant and equipment receive planned maintenance, that maintenance records are kept, in accordance with statutory legislation where appropriate, and ensure that defective equipment which constitutes a safety hazard is removed from service immediately and clearly labelled as defective.
- Collate accident information and, when necessary, carry out accident and incident investigations.

- Ensure that emergency procedures including those for fire are in place, known, tested regularly and that any necessary revisions are made and disseminated.
- Keeping up to date with current legislation and informing other staff and volunteers as appropriate.
- Making annual health and safety inspections.
- Producing, implementing and monitoring health and safety procedures, including a risk assessment strategy, emergency plans and the collating of accident and incident information.
- Ensuring that the fire drill instructions are in all rooms.
- Ensuring that all Fire Safety policies and procedures are implemented including the external and internal fire safety audits and inspections.
- Ensuring that regular visitors observe the school's safety rules.
- Ensure that statutory health and safety notices are displayed in appropriate locations within the establishment.
- Monitor the effectiveness of the implementation of this policy and submit a termly report to the Proprietors on health and safety matters.

As well as having the general responsibilities/duties of all members of staff, the HSM also has responsibility for ensuring that the requirements of all relevant legislation, codes of practice and guidelines are met in full at all times and for the day to day maintenance and development of safe working practices and conditions for teaching staff, support staff, pupils, visitors and any other person using the premises or engaged in activities sponsored by the school. The Headmaster will take reasonable, practicable steps to achieve this and assign clear safety functions to other members of staff as appropriate.

#### **Duties of Staff Holding Posts/Positions of Special Responsibility**

These staff:

- have a general responsibility for the application of the Proprietor's safety policy to their own area of work and are directly responsible to the Headmaster for the application of existing safety measures and procedures within that area of work and follow the advice or instructions given by the Headmaster including complying to the relevant parts of this statement;
- shall, where necessary, establish and maintain safe working procedures including arrangements for ensuring, as far as is reasonably practicable, safety and absence of risks to health in connection with the use, handling, storage and transport of articles and substances, (e.g., chemicals, boiling water, duplicating fluid, guillotines);
- shall resolve any health and safety problem any member of staff may refer to them and refer to the Headmaster any of these problems for which they cannot achieve a satisfactory solution within the resources available to them;
- shall carry out a regular safety inspection of the activities for which they are responsible and, where necessary, submit a report to the Headmaster;
- shall ensure, as far as is reasonably practicable, the provision of sufficient information, instruction, training and supervision to enable other employees and pupils to avoid hazards and contribute positively to their own safety and health at work;
- shall, where appropriate, seek the advice and guidance of the Headmaster or any relevant adviser appointed by the Proprietor and shall propose to the Headmaster requirements for safety equipment and on additions or improvements to plant, tools, equipment or machinery which are dangerous or potentially so.

**The welfare, health and safety of pupils in Broomfield House School:** Broomfield House School ensures arrangements are made to safeguard and promote the welfare of pupils at the school and that such arrangements have regard to any guidance issued by the Secretary of State. The Proprietor takes into consideration:

- safeguarding arrangements including safe recruitment and recording procedures, effective arrangements for child protection and the training and development of staff so that children can be safe in school;
- procedures to eliminate bullying and promote a safe environment and the prevention and tackling of all forms of bullying and harassment, including cyber-bullying and prejudice-based bullying related to special educational need, sexual orientation, sex, race, religion and belief, gender reassignment or disability;
- the systematic and consistent management of behaviour, including the use and recording of rewards and sanctions, including written policies to promote good behaviour;

- the provision of a safe and secure school environment, including the elimination of potential risks to pupils' welfare, health and safety both on and off-site, including particular attention, where relevant, to the health and safety of pupils with priority needs
- the systematic and consistent management of procedures to reduce the risk of fire and comply with fire safety regulations
- how effectively the arrangements for pupils' care in the event of sickness, accident or injury are implemented and how our pupils are supervised during school hours;
- the effectiveness of the school's monitoring and recording systems for pupils' attendance and punctuality
- how well the school reviews admission arrangements and makes adjustments to ensure the accessibility of the school's premises and curriculum for all pupils ;
- the way we teach children how to understand and respond to risk, for example risks associated with extremism, new technology, substance misuse, knives and gangs, relationships (including sexual relationships), water, fire, roads and railways;
- the views expressed by pupils, and different groups of pupils, on welfare, health and safety, respect for, and courtesy towards others and their views on harassment, racism, homophobia and different types of bullying.

All pupils are expected, within their expertise and ability to: Exercise personal responsibility for the safety of themselves and their fellow pupils, observe standards of dress consistent with safety and/or hygiene, this would preclude unsuitable footwear, clothing and articles considered dangerous and observe all the safety rules of Broomfield House School and in particular, the instructions of teaching staff in the event of an emergency

### **Key Elements to our Health and Safety Policy**

The following Sections of this Policy support our school in the effective management of the Welfare Health and Safety of all people at our school.

**Consultation arrangements with employees:** There is a Health and Safety sub-committee with terms of reference. Membership includes staff representatives. Consultation arrangements with employees are also in place to ensure the maintenance of Health and Safety standards. Staff are informed of updates with regard to health and safety through our weekly staff meetings and in the case of immediate changes, staff are consulted individually by the Health and Safety Manager (Headmaster).

**Recording and Reporting accidents to staff, pupils and visitors:** The Headmaster Ensures that Broomfield House school complies with the *Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR)* under which Broomfield House school is required to report to the Health and Safety Executive (telephone: 0845 300 99 23):

- Deaths;
- Major injuries;
- Over-seven-day injuries;
- An accident causing significant or multiple injury to pupils, members of the public or other people not at work;
- A specified 'dangerous occurrence', where something happened which did not result in an injury, but could have done - a 'near miss'.

**Arrangements for Activities including off-site Visits, Including Residential Visits and School-Led Adventure Activities:** The School has policies and procedures for Educational Visits and Off-Site Activities. These include instructions for the Group Leader in the event of a serious accident. The school also access to professional advice and detailed documentation in this area of the curriculum. With reference to our off-site activities:

- We always ensure adequate numbers staffing ratios at all times.
- Adults accompanying residential trips have an enhanced DBS certificate.
- We ensure parents are always informed of all forthcoming plans for events on our premises.
- We ensure that our staff have access to all the equipment needed when we go on outings.
- All staff undertaking school trips make the appropriate risk assessment prior to the visit.
- We always ensure we have means of communication with us during outings and a list of appropriate telephone numbers for contacting the right people whenever required.

- Whenever we require vehicles to transport pupils anywhere, we only use approved and licensed contractors that operate vehicles that conform to all the safety standards.
- We ensure that any drivers of coaches etc that are required to transport the pupils on any outings are competent and trustworthy drivers and that the vehicles are properly equipped with safety seatbelts.

**Dealing with Health and Safety Emergencies: Procedures and Contacts:** The procedures for Fire and Emergency evacuation are displayed in every room in Broomfield House School. These procedures are updated on a regular basis. The log book for recording and evaluation of practice and evacuation drills is held securely in the School Office. The Headmaster has overall responsibility for implementing the evacuation procedure if an emergency were to occur. Arrangements are in place in the absence of the Headmaster which are specified in the daily routines.

**First Aid, Medication and supporting Medical Needs:** Please refer to the school's separate First Aid Policy.

**Occupational Health Services and Managing Work-Related Stress:** As a good employer, we take our duties and responsibilities with regard to the welfare of both staff and pupils very seriously. The school has access to occupational health services including specialist medical and counselling facilities if so required and has the appropriate policies and procedures and working practices in place.

**Workplace Safety for Teachers, Pupils and Visitors:** The duties and responsibilities of the key people are identified in this policy; detailed documentation is in place in support of this statement. Regular visitors and other users of Broomfield House school, eg contractors and delivery people, are expected, as far as is reasonably possible, to observe the safety procedures of the school.

**School Security:** While it is difficult to make the school site totally secure, we will do all we can to ensure the school is a safe environment for all who work or learn here. We require all adult visitors to the school who arrive in normal school hours to sign the visitors' book in the reception area, and to wear an identification badge at all times whilst on the school premises. Staff must report to the school office immediately any visitor who is not identified with a school badge. If any adult working in the school has suspicions that a person may be trespassing on the school site, they must inform the Headmaster immediately. The Headmaster will direct any intruder that they must leave the school site straight away. If this does not occur the Headmaster will contact the police immediately.

The following arrangements are specifically put in place to look after all the pupils in our care at all times.

- All teachers and support staff including volunteers ensure that all curriculum activities are safe.
- A child is never taken off-site without the prior permission of the parent and in such cases all departures and arrivals are recorded.
- Only those who hold a current 'enhanced disclosure' from the Disclosure and Barring Service are allowed unsupervised access to the pupils in our care. If there is a discrepancy between appointment of staff and the enhanced disclosure coming through, a risk assessment is put in place, a previous DBS is sought, with supervision arrangements put in place.
- A minimum of two staff are always present whenever any pupils are on our premises.
- All pupils in our care are regularly reminded of safe practice when on our premises. They are encouraged to report anything they notice that might be unsafe.
- We have installed smoke detectors in all fire risk areas for early warning of any problems that may arise. These are serviced professionally to make sure they work effectively.
- We have installed a fire alarm system to enable any member of staff to raise an alarm that everyone else can hear. This is checked weekly during term-time.
- Fire marshals have been appointed and are named in the Fire Safety Policy.
- We practice, on a regular basis, what to do in the event of a fire and make sure all the pupils in our care know what to do if they hear our fire alarm.
- In accordance with requirements a number of staff have been trained in first aid. We record accidents, incidents and near misses.
- We obtain data sheets for all products used by pupils and these are kept in the classrooms where the products.

- We only use coaches and minibuses where seat belts are provided. We instruct the pupils to use seat belts at all times when the bus is moving.
- We log all incidents involving injury in the school and we inform parents in all cases.
- Head injuries will always be reported to parents and carefully monitored.
- Should any incident involving injury to a child take place, a first aider will be called to assist. If necessary, the School Office staff will telephone for emergency assistance.

**Violence towards Staff:** If there are any concerns about the behaviours of visitors they are required to leave the premises. With reference to pupils, there is a well-established behaviour management policy and procedures including the use of reasonable force and physical restraint. All adults, including staff, parents and visitors, are expected to behave in a manner which is in line with and supportive of our school ethos.

**Manual Handling:** The School has in place comprehensive procedures for manual handling. An action plan has been established to make sure that loads are managed safely and appropriately. All members of staff are aware of the regulations regarding *The Use of Force to Control or Restrain Children* as set out in Education Act 1996. Teachers in our school do not hit, push or slap children. Staff only use Positive Physical Intervention with children to prevent them injuring themselves or others, damaging property or committing a criminal offence.

Details of such an event (what happened, what action was taken and by whom, and the names of witnesses) are brought to the attention of the Headmaster and recorded. The child's parents are informed on the same day. Records are kept of when force is used and parents are informed. Guidance is given to all 'members of staff' (as defined above) on the circumstances in which 'physical intervention' is allowable.

**Slips and Trips:** All injuries, accidents, and dangerous occurrences will be recorded. The First Aider or supporting teacher will fill in an incident and accident report form for every serious or significant accident that occurs on or off the School site if in connection with the School. This will be kept by the School Office. Records should be stored for at least three years or if the person injured is a minor.

**On-site Vehicle Movements:** There are few onsite vehicle movements at Broomfield House school, and these are restricted in term time to cars moving in and out of our small car park. Children are not allowed into the car park unsupervised so the risk of any adverse event is low.

**Management of asbestos:** Broomfield House school has a current asbestos survey and is managing the one area of asbestos in the school (Boys toilets/Disabled toilet in Broomfield House) according to the best practice guidelines in this survey.

**Control of Hazardous Substances:** The implications to COSHH applied at Broomfield House school where both records and working practices reflect the seriousness in which Broomfield House school implements its policy and procedures in the care and maintenance of premises, the delivery of the curriculum (including science laboratories) and administrative functions. Integral to our COSHH Policy are both the inventory and risk assessments.

**Working at Height:** Any situations where work may need to be carried out at height are in consultation with our Health and Safety Manager. We have produced a separate document which relates to staff working at height in our school. For more information, please 'Working at Height' in our Health and Safety Manual.

**Selecting and Managing Contractors:** When the premises are used for purposes not under the direction of the Headmaster then, subject to the explicit agreement of the Proprietor, the person in charge of the activities for which the premises are in use will have responsibility for safe practices as indicated in the Responsibilities/Duties of the Headmaster. The Proprietor note their residual responsibility for the control of premises and will take all reasonable steps to ensure that such persons detailed above comply with the terms of this Policy. The Proprietor or their designated representative will seek to ensure that contractors conduct themselves and carry out their operation in such a manner that all statutory and advisory safety requirements are met at all times.

All contractors who work on the premises are required to ensure safe working practices by their own employees under the provisions of the Health and Safety at Work etc Act 1974 and must pay due regard to the safety of all persons using the premises in the accordance with this Act. In instances where the contractor creates hazardous conditions and refuses to eliminate them or to take action to make them safe, the Proprietor will take such actions as are necessary to prevent persons in their care from a risk or injury. The Proprietor will draw the attention of all users of the premises (including hirers and contractors) to Section 8 of the Health and Safety at Work etc Act 1974, which states that no person shall intentionally or recklessly interfere with, or misuse, anything which is provided in the interest of health, safety or welfare in pursuance of any of the relevant statutory provisions.

The procedures for the selection, appointment and monitoring of contractors working within the school premises are defined in the Building Procedures. These have taken into account:

- the Construction (Design and Management) Regulations 1994 – Assessment of Competence and Provision for Health and Safety along with building Contracts undertaken on Educational Premises (from the Education Service Advisory Committee)

For Health and Safety purposes the school must be notified by the person arranging the Works, at least two weeks in advance, of the following:

- the delineated area of the Works – including the associated adjacent area which, for Health and Safety reasons, forms the operating area of the contractor – hereafter and for the purposes of the contract termed ‘the site’;
- the scope of the Works, the name of the Contractor undertaking the Works, the dates and times of operations at the school.

For the duration of the Works the cleanliness of the site and the Health and Safety of all persons affected by the operations on the site are the responsibility of the Contractor undertaking the Works who must ensure that the school is indemnified against the Works. Access to and from the site is the responsibility of the Contractor undertaking the Works.

**Maintenance and testing of Equipment and Facilities:** The following arrangements are specifically put in place to look after all the equipment we have on our premises and any equipment that we may wish to hire or purchase.

- Maintenance (and, where necessary examination and testing) of plant and equipment such as electrical equipment, local exhaust ventilation, pressure systems, gas appliances, lifting equipment and glazing safety)
- All our electrical equipment and installations are checked annually by competent persons or organisations to ensure their intrinsic safety.
- Our gas heating boiler and gas supply lines are checked annually by competent persons or organisations to ensure their intrinsic safety. Access to these is strictly controlled to prevent any accidental access by pupils.
- Regular visible checks are made on the integrity of all sports/games equipment used externally to ensure connections and fixings are not loosened and the externally exposed parts are not damaged. Suspect equipment is taken out of service until repaired by a competent person or organisation. A specialist contractor checks our gymnasium equipment annually to ensure regular servicing keeps this equipment in good order.

**Fire Safety** (Please see our Fire Safety Policy)

**Child protection:** If an employee or volunteer suspects that a pupil may be the victim of abuse, they should immediately inform the school’s Designated Safeguarding Lead (DSL). We require all adults and volunteers working in the school to comply with the Safer Recruitment Procedures.

**Internet** (see e-safety policy)

**Arrangements for the Comfort and Well-Being of Pupils and Staff:** The following arrangements are specifically put in place to try to ensure that pupils are as happy and comfortable as possible whilst on our premises. We also like to make sure that our staff have the right environment in which to teach and supervise.

- Our premises are kept warm during cold weather through the use of easily adjustable, safe heating systems.
- Our windows are designed to be safe and to allow sufficient light through to provide a bright and cheerful environment.

- Our floors are designed to minimise the likelihood of slips and trips and are regularly checked to make sure they are free from obstacles along walkways and are not damaged.
- Our hot water supply is maintained at a temperature to prevent accidental scalding.
- We have a separate lockable room for the storage of any items we consider to be potentially harmful if accessed by pupils.
- All pupils are encouraged to drink water and fresh water is available at all times

**Standard Working Practices:** Our standard working practices also include:

- ensuring that the registration book to record the arrival and departure of all visitors is completed;
- ensuring all employees and volunteers are in receipt of the Health and Safety Policy prior to commencing their employment or voluntary support for the school;
- making arrangements, where appropriate, for the training of various persons to assist in carrying out the requirements of the School's Health and Safety Policy and Procedures;
- ensuring specific controls and procedures are in place for any external visits or outings anywhere, including an emergency contact/medical form for each child and ensuring all visitors wear badges when on school premises.

**Risk Assessment:** Health and Safety law often refers to risk assessment and risk management. These are the terms used to describe the process of thinking about the risks of any activity and taking steps to counter them.

- The Headmaster will ensure that regular written risk assessments are undertaken of premises, methods of work and all school sponsored activities. These must be reviewed following changes in circumstances or personnel or in accordance with agreed timetables. A Regular programme of planned assessments is to be completed. In high-risk areas, risk assessments should be reviewed termly. In other activity areas, establishments should review risk assessments on a bi-annual basis.
- Written risk assessments will identify all defects and deficiencies together with the necessary remedial action or risk control measures.
- The results of all risk assessments will be reported by the HSM who will prioritise issues and assign resources to undertake remedial/control measures where required.
- Training of staff in Health and Safety, including risk assessment occurs at our school.

**Arrangements for Hygiene:** The following arrangements are specifically put in place to minimise the likelihood of any staff or pupils picking up undesirable diseases, ailments or other health problems. We teach our pupils about the importance of hygiene and keeping their hands clean. We have a daily cleaning schedule to cover all areas accessible by pupils. Only safety-approved cleaning materials are used.

- Our toilet facilities have a high standard of hygiene arrangements.
- We provide all protective clothing and equipment as necessary when dealing with any issues of hygiene or cross-contamination.
- All food and drink kept on the premises is stored safely and appropriately.
- No pets and animals are allowed normally within the school.

**The Curriculum:** We teach the pupils about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Teachers take every opportunity to educate pupils in this regard in the normal school curriculum. We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in Personal, Social, Health, Economic Education (PSHEE) along with Citizenship; reinforcing these points in science, where children also learn about healthy eating and hygiene. We also show them how to move and play safely in PE lessons. Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Our school promotes the spiritual growth and welfare of the children through the Religious Education curriculum, through special events such as harvest festivals and through collective worship. Each class has the opportunity to discuss problems or issues of concern with their teacher. Teachers use circle time to help children discuss and overcome any fears and worries that they may have. Teachers handle these concerns with sensitivity.

**The Early Years Foundation Stage (EYFS) Safeguarding and Welfare Requirements:** The safeguarding and welfare requirements, specified in Section 3 of the Statutory Framework for the Early Years Foundation Stage are contained in whole school policies inclusive of any appendix specific to EYFS

**Transport:** We only hire coaches where drivers are DBS checked and each seat has either a seatbelt or a booster seat as is applicable. In advance of the trip pupils will be given clear safety instructions based on the risks associated with the particular type of travel. Children must sit only two to a double seat. Seat belts must be worn and where appropriate booster car seats should be used. In cases of long journeys, pupils will be given the opportunity to exercise after reasonable intervals. First-aid material must be carried and be readily available throughout the visit. Any mini-bus or other vehicle designed to carry nine or more passengers operated by the school is in accordance with the restricted *Passenger Carrying Vehicle (PCV) Operators licence*.

**Drivers:** Those authorised to drive any pupils in the party should normally:

- have a minimum of two years' driving experience; and
- have acquired some experience in handling the size or type of vehicle that will be used; and
- hold a current driving licence valid in the country of use; and
- never have been disqualified.

Each driver must be personally satisfied that:

- the driver is covered by insurance in respect of liability to passengers and others; and
- the driver has made all necessary disclosures of material facts to the insurers, for example any particular problems relating to health;
- the vehicle is roadworthy;
- the driver has not consumed alcoholic liquor within twelve hours before or while in charge of the vehicle
- the driver carries evidence of insurance.

#### **Behaviour of any person (including a parent) on the school premises**

Our School has a written Behaviour Policy setting out the behaviour expected of parents on the premises and the procedures that will happen when the school wishes to restrict a parent's access to school premises because a person is causing a nuisance or disturbance. A parent who has been banned from entering school premises is trespassing if he or she does so without permission. Any violent behaviour will be reported to the police.

#### **Theft or other criminal acts**

The Headmaster will investigate any incidents of theft involving pupils. If there are serious incidents of theft from the school site, the Headmaster will inform the police and record the incident in the incident book. Should any incident involving physical violence against a teacher occur, this must be reported to the Headmaster immediately.

#### **Non-Smoking**

Our school, in compliance with the law, is a non-smoking establishment. We do not allow smoking on the school premises, as we do not want to present smoking as acceptable. Nor do we wish to present adult smokers as role models. Any member of staff wishing to smoke must leave the school site, out of view from the children, in their own time and not in the employer's time. Should we find any member of staff smoking at school, we would consider this a serious breach of the terms of employment. We aim to help children know and understand the dangers of smoking and the harmful effects that smoking can have on their bodies. We provide children with the knowledge and information necessary for them to make responsible choices in relation to smoking. We equip children with the social skills that help them to resist the pressure to smoke, either from their peer group, or from society in general.

**Monitoring and review measures to meet satisfactory health and safety standards:** Consultation arrangements with employees are in place to ensure the maintenance of health and safety standards. Employees, visitors and contractors to the school are reminded that it is their duty to look after their own health and safety; to ensure that they do nothing to endanger anyone else and to co-operate with the School in all matters of Health and Safety.

**Control of Substances Hazardous to Health:** The implications to COSHH applied at Broomfield House School where both records and working practices reflect the seriousness in which Broomfield House School implements its policy and procedures in the care and maintenance of premises, the delivery of the curriculum and administrative functions. Integral to our COSHH Policy are both the inventory and risk assessments.

**Lettings and Hirers:** The Headmaster is directly responsible for safety management/compliance during lettings and ensuring that premises, equipment and substances are safe and without risk to health and ensures that the means of access and egress are safe for the use of hirers. The Headmaster is also responsible for fire escape routes and making sure exits are clearly marked for the benefit of unfamiliar users of the building. Hirers of the building are briefed about the location of the telephone, fire escape routes, fire alarms and fire-fighting equipment. Hirers comply with all school policies as described in the letting agreement (e.g. in relation to smoking, substance abuse, alcohol, and so on) and adhere to the capacity figures detailed on any lettings documentation.

Hirers must:

- comply with all school policies as described in the letting agreement (e.g. in relation to smoking, substance abuse, alcohol, and so on.), adhere to the capacity figures detailed on any lettings documentation.

When the premises or facilities are being used out of normal school hours for an activity then, for the purposes of this policy, the organiser of that activity, even if an employee will be treated as a hirer and comply with the requirements of this section. When the premises are hired to persons outside the 'employ' of the Proprietor, it will be a condition for all hirers and others using the premises or facilities, that they are familiar with this policy, that they comply with all safety directives of the Proprietor and that they do not, without the prior consent of the Proprietor: Introduce equipment for use on the school premises, alter fixed installations, remove fire and safety notices or equipment and take any action that may create hazards for any persons using the premises

**Further Information:** With reference to the following statements, Broomfield House School has the required details, policies, procedures and working practices in place. Further advice and guidance on many of the matters raised in this policy are available in the Health and Safety Manual.
